1. Introduction

This template contains the instructions for preparation of a manuscript for IRC2016. The title, name(s) of author(s), affiliation(s) and mailing address(es), phone number, fax number, and e-mail address should be stated in this order. The title should be typed in bold face (14 pt, Times new roman). The name(s) should be capital and small letter (12 pt, Times new roman). The corresponding author should be indicated with asterisk (*). Underline and type in bold face for the name of the presenting author. The affiliation(s) should be in capital and small letters and give a sufficient postal address.

Contributed papers are limited to 2 pages including all figures, graphs and tables. Each manuscript typically contains the following sections

1. Title
2. Name(s) of Author(s)
3. Affiliation(s) and mailing address(es)
4. Phone number, fax number and e-mail address
5. Abstract
6. Text including Introduction, Experimental procedures (if available) and methods, Results and discussion, and Conclusion
7. Acknowledgment (if preferred)
8. References

2. Style and Format

2.1 General

All the texts should be in 10 point (Times New Roman). Paper in A4 size (297x210 mm) should be used. Top, bottom, right and left margins are 20 mm. The manuscripts must be typed in single-column with correct width as shown in this example.

Do not add page numbers or headers/footers.

2.2 Equations

Equations must be numbered consecutively throughout the text. The equation number should be placed in parenthesis and flushed with the right-hand margin of the column.

$$a + b = c \qquad (1)$$

Leave a blank line before and after equations.

3. Illustration

Figures, tables, and graphs should be positioned within the text.

They must include caption.

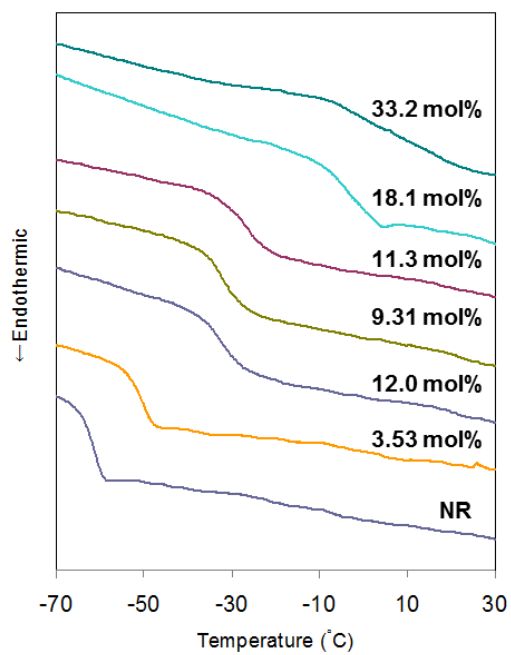

Fig.1 DSC thermograms for natural rubber and phenyl-NR.
